LETTERING:

For all skin types

Results from the very first session

No recovery time

Long-term results

Lunchtime

Painless

The results and number of sessions vary according to the patient and treatment indication. Images are merely for illustration.

THERMAL PEELING

ZYE YAG® reduces redness in the skin, stimulating collagen and cellular nutrition, providing a glowing effect, with more vigor and a healthier look. It is considered a lunch-time procedure because it is fast, painless and leaves no marks on the skin.

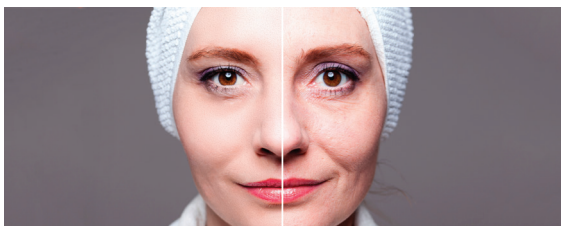

Firmer
skin

Tighter
pores

More vigor
and glow

Reduced
rosacea

REJUVENATION

Rejuvenation treatments with **ZYE YAG®** smooth laugh lines and fine wrinkles, as well as stimulating collagen production, improving skin tone and preventing cutaneous aging.

LASER TIGHTENING

ZYE YAG® acts on the cells that support the skin, working from the inside out to provide a long-term lifting effect that is noninvasive and requires no recovery time.

Improved facial
contours

Facial
flaccidity

Body
flaccidity

EPILATION

ZYE YAG® is the solution for eliminating hair from all skin tones and a very safe option for black skin.

Z Y E

VASCULAR LESIONS

ZYE YAG® treats various vascular lesions on the face, neck and chest, such as telangiectasia, hemangioma and poikiloderma.

VARICOSE VEINS AND SPIDER VEINS

Gold-standard technology for treating varicose veins and spider veins. The LASER light emitted by **ZYE YAG®** is absorbed by the veins, causing them to close.

ONYCHOMYCOSIS

ZYE YAG® is effective for nail care and a safe option for treating onychomycosis, a common nail infection caused by fungus.
